The Wondrous Cross Oct 26 2020 An accessible defence of the view that we need multiple metaphors for how the cross saves us (including penal substitution). In this book Stephen Holmes offers an accessible and authoritative account of the way the saving work of Jesus is presented in the Bible, and has been understood throughout Christian history. In particular, the book offers background to the current debates about penal substitutionary atonement by looking at that idea in biblical and historical perspective. Holmes argues that we can, and should, continue to talk of the cross in penal substitutionary terms, if we understand this as one of many complimentary descriptions of the salvation we find in Christ.

Eerdmans Commentary on the Bible: Epistles of John and Jude Nov 19 2022 This extract from the Eerdmans Commentary on the Bible provides Painter and McKnight's introduction to and concise commentary on the Epistles of

John and Jude. The Eerdmans Commentary on the Bible presents, in nontechnical language, the best of modern scholarship on each book of the Bible, including the Apocrypha. Reader-friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students, and general readers. Rather than attempt a verse-by-verse analysis, these volumes work from larger sense units, highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text—parable, prophetic oracle, legal code, and so on—interpreting within the historical and literary context. The volumes also address major issues within each biblical book—including the range of possible interpretations—and refer readers to the best resources for further discussions.

Atonement for a Sinless Society Oct 18 2022
Sin isn't relevant anymore. Alan Mann takes seriously this often-heard assertion and instead goes in search of the real plight at the heart of contemporary western society. What he finds there is a personal, pervasive, and self-diminishing disease impacting the lives of millions of

people: shame. With this insight, *Atonement for a Sinless Society* seeks a fresh encounter with the biblical narrative, building a more meaningful understanding of the story of Jesus and his disciples for the world in which we live and, in doing so, bringing the Christian understanding of atonement into the twenty-first century.

The Letter of James Dec 20 2022 Scot McKnight here explains the Letter of James both in its own context and as it may be seen in light of ancient Judaism, the Graeco-Roman world, and emerging earliest Christianity. From beginning to end, the book is shaped for pastors, teachers, and scholars. McKnight is less interested in shedding new light on James than on providing a commentary for those who want to explain the letter and its significance to congregations and classes. This commentary is accessible to a broad readership, at once full of insight and of good sense and wit that makes for good reading. *The Letter of James* is an especially helpful source for consultation as to what James is about.

The Letter of James Mar 19 2020 Scot McKnight's commentary expounds James both in its own context and in the context of ancient Judaism, the Greco-Roman world, and the emerging Christian faith. --from publisher description

Pentecostals and Nonviolence Jan 29 2021

Pentecostals and Nonviolence explores how a distinctly Pentecostal-charismatic peace witness might be reinvigorated and sustained in the twenty-first century. To do so, the book examines the nature of the early Pentecostal commitment to nonviolence, and investigates the possibilities that might emerge from Pentecostals and Anabaptists entering into conversation and worship with each other. Contributors engage the arguments surrounding the heritage of Pentecostal pacifism in the United States and then move toward exploring nonviolence and peacemaking as crucial for contemporary Christianity as a whole. Ranging from theology, testimony, and pastoral ministry to interchurch relations, activism, and protest, this diverse collection of essays challenge and invite the whole church to the task of peacemaking while exploring the

distinctive, and often neglected, contributions from the Pentecostal-charismatic tradition.

The Incredible Shrinking Gospel Jun 21 2020

The church is working with a shrunken Gospel, robbed of its power, limited in its scope, and unable to catch the interest of those it needs to reach. Who is responsible? More importantly, how can we reclaim the full content and the powerful nature of the Gospel itself? In this book, retired pastor Lee Wyatt looks at the crisis in the church, one he believes is caused by our loss of this full Gospel message. To rebuild our understanding he then revisits Jesus, helping us to become acquainted with Him and the meaning of his mission. Then, and only then, with this rebuilt picture of Jesus, does he revisit evangelism, and tell us how we can turn our efforts to reach around the world. Only when we have "unshrunk" our gospel can we successfully evangelize.

The Mosaic of Atonement May 21 2020 The Mosaic of Atonement offers a fresh and integrated approach to historic models of atonement. While modern treatments of the doctrine have tended toward either a defensive hierarchy, in which one model is singled out as most important, or a

disconnected plurality, in which multiple images are affirmed but with no order of arrangement, this book argues for a reintegration of four famous "pieces" of atonement doctrine through the governing image of Christ-shaped mosaic. Unlike a photograph in which tiny pixels present a seamless blending of color and shape, a mosaic allows each piece to retain its recognizable particularity, while also integrating them in the service of a single larger image. If one stands close, one can identify individual squares of glass or tile that compose the greater picture. And if one steps back, there is the larger picture to be admired. Yet in the great mosaics of age-old Christian churches, the goal is not for viewers to construct the image, as in a puzzle, but to appreciate it. So too with this mosaic of atonement doctrine. While no one model is set above or against the others, the book notes particular ways in which the "pieces"--the feet, heart, head, and hands--mutually support one another to form a more holistic vision of Christ's work. "This is my body," Jesus said to his followers, and by reintegrating these oft-dismembered aspects of atonement, we will note fresh ways in which it was given for

us.

The Supper May 13 2022 The Lord's Supper (or Eucharist) has often been a subject of intense debate in the church. What is often lost in this debate is the significance of the relationship of the Eucharist to Jesus' Last Supper with his disciples, which was a Passover--or Passover-like--meal. Moreover, the Last Supper connects back to various meals in Jesus' earthly ministry. And it looks forward to the great messianic banquet as fulfillment of Jewish expectations. In exploring these connections, this book focuses on the three motifs of "new creation," "hospitality," and "hope" in Christ. Most significantly, when we break the bread and drink the wine (or juice) together we are asserting the reality of the new creation in Christ, affirming God's grace, forgiveness, and cruciform love which is to be embodied in the Christian community, and anticipating the day when God's present and ongoing work of restoration, justice, and reconciliation will ultimately prevail. The Supper, then, is basically a condensed summary of the story of God's plan of redemption. Hesselgrave brings together biblical, theological, ethical, and social insights in

a way that deepens our understanding of the meaning and practical significance of biblical texts related to this central ordinance of the church.

McMaster Journal of Theology and Ministry: Volume 10 Sep 05 2021 The McMaster Journal of Theology and Ministry is an electronic and print journal that seeks to provide pastors, educators, and interested lay persons with the fruits of theological, biblical, and professional studies in an accessible form. Published by McMaster Divinity College in Hamilton, Ontario, it continues the heritage of scholarly inquiry and theological dialogue represented by the College's previous print publications: the Theological Bulletin, Theodolite, and the McMaster Journal of Theology.

The Crucifixion Nov 14 2019 Few treatments of the death of Jesus Christ have made a point of accounting for the gruesome, degrading, public manner of his death by crucifixion, a mode of execution so loathsome that the ancient Romans never spoke of it in polite society. Rutledge probes all the various themes and motifs used by the New Testament evangelists and apostolic writers to explain the meaning of the cross of Christ. She shows how each of

the biblical themes contributes to the whole, with the Christus Victor motif and the concept of substitution sharing pride of place along with Irenaeus's recapitulation model.

The Nonviolent Atonement, Second Edition
Jun 02 2021 A provocative study that cuts to the very heart of Christian thought, The Nonviolent Atonement challenges the traditional, Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ's passive, innocent submission to violent death at the hands of a cruel God. Instead J. Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement, grounded in the New Testament and sensitive to the concerns of pacifist, black, feminist, and womanist theology. While many scholars have engaged the subject of violence in atonement theology, Weaver's Nonviolent Atonement is the only book that offers a radically new theory rather than simply refurbishing existing theories. Key features of this revised and updated second edition include new material on Paul and Anselm, expanded discussion on the development of violence in theology, interaction with recent scholarship on

atonement, and response to criticisms of Weaver's original work. Praise for the first edition: The best current single volume on reconstructing the theology of atonement. S. Mark Heim in *Anglican Theological Review* Weaver provides an important contribution to atonement theories by seriously inserting the contemporary concerns of pacifist, feminist, womanist, and black theologians into the centuries-old christological conversation. . . . A provocative but faithful proposal benefiting any student of christology. *Religious Studies Review* A noteworthy contribution to the literature on the atonement. Weaver provides a useful critique of the history of atonement motifs; he does a fine job of placing Anselm's theology in its historical context; he creatively fuses a singular biblical vision from the earthly narrative of the Gospels and the cosmic perspective of the Apocalypse; and he attempts to relate discussions of the atonement to Christian social ethics. *Trinity Journal* This is a superb succinct survey and analysis of classical and contemporary theories of the atonement, ideal for students and general readers. . . . A clearly written, passionately expressed introduction to

current debates on the atonement. . . .

Christus Victor Aug 16 2022 Gustaf Aulen's
classic work, 'Christus Victor', has long
been a standard text on the atonement. Aulen
applies history of ideas' methodology to
historical theology in tracing the
development of three views of the atonement.
Aulen asserts that in traditional histories
of the doctrine of the atonement only two
views have usually been presented, the
objective/Anselmian and the
subjective/Aberlardian views. According to
Aulen, however, there is another type of
atonement doctrine in which Christ overcomes
the hostile powers that hold humanity in
subjection, at the same time that God in
Christ reconciles the world to Himself. This
view he calls the "classic" idea of the
atonement. Because of its predominance in
the New Testament, in patristic writings,
and in the theology of Luther, Aulen holds
that the classic type may be called the
distinctively Christian idea of the
atonement.

Understanding the Atonement for the Mission
of the Church Mar 11 2022 At the very center
of the Christian faith is Jesus, a crucified

Messiah. All the wisdom and the power of God have been revealed in him. Apart from such wisdom and power no genuine Christian experience is possible. Unfortunately, Western Christianity has been so conditioned by Constantinian presuppositions that it has failed to take into account the centrality of the crucified Messiah. It has been far more preoccupied with worldly wisdom and worldly power than with faithfulness to the gospel of the kingdom. It has concentrated on the salvation of the individual soul but has frequently disregarded God's purpose to create a new humanity marked by sacrificial love and justice for the poor. In the classical theories on the atonement, the work of Christ was unrelated to God's intention to create a new humanity. Driver here demonstrates that the covenanted community of God's people is the essential context for understanding the atonement. The reconciling work of Christ creates a reconciling community where all the barriers that divide humankind break down. Driver's book is an invitation to look at the cross, not merely as the source of individual salvation, but as the place wherein begins the renewal of the creation -- the new heavens and the new earth that God has

promised and that the messianic community anticipates. May many readers heed its message! --C. Rene Padilla Buenos Aires

Dictionary of Paul and His Letters Oct 06 2021 In this thoroughly revised and updated edition of a classic reference work, topics like Christology, justification, and hermeneutics receive careful treatment by trusted specialists. New topics like politics, patronage, and different cultural perspectives expand the volume's breadth and usefulness for scholars, pastors, and students today.

Church in the Present Tense (ēmerſion: Emergent Village resources for communities of faith) Sep 24 2020 Much has been written by practitioners advocating the emerging church phenomenon, but confusion about the nature and beliefs of those who identify with the emerging church still exists. Now that the movement has aged a bit, the time has come for a more rigorous, scholarly analysis. Here four influential authors, each an expert in his field, discuss important cultural, theological, philosophical, and biblical underpinnings and implications of the emerging church movement. Their sympathetic yet critical assessment helps readers better understand

the roots of the movement and the impact that it has had and is having on wider traditions.

Proclaiming the Scandal of the Cross Oct 14 2019 Because many modern Christians can offer a reasonable explanation of the meaning of Jesus' death on the cross, they find it hard to understand the confusion displayed by the disciples after the events in the last pages of the Gospels. But if Paul were alive today, he would find it inexplicable that we modern believers are not scandalized by the cross. *Proclaiming the Scandal of the Cross* introduces pastors, church leaders, students, and lay readers to the need for contextualized atonement theology, offering creative examples of how the cross can be proclaimed today in culturally relevant and transformative ways. It makes helpful suggestions on how this vision for a culturally relevant message might be developed. The impressive list of contributors includes writings from C. S. Lewis, Rowan Williams, Frederica Mathewes-Green, Brian McLaren, and many more who are actively working out just how to make this life-transforming proclamation.

A Community Called Atonement Feb 22 2023 Over the centuries the church developed a

number of metaphors, such as penal substitution or the ransom theory, to speak about Christ's death on the cross and the theological concept of the atonement. Yet too often, says Scot McKnight, Christians have held to the supremacy of one metaphor over against the others, to their detriment. He argues instead that to plumb the rich theological depths of the atonement, we must consider all the metaphors of atonement and ask whether they each serve a larger purpose. *A Community Called Atonement* is a constructive theology that not only values the church's atonement metaphors but also asserts that the atonement fundamentally shapes the life of the Christian and of the church. That is, Christ identifies with humans to call us into a community that reflects God's love (the church)--but that community then has the responsibility to offer God's love to others through missional practices of justice and fellowship, living out its life together as the story of God's reconciliation. Scot McKnight thus offers an accessible, thought-provoking theology of atonement that engages the concerns of those in the emerging church conversation and will be of interest to all those in the church and academy who are listening in.

From Resurrection to New Creation Jul 23
2020 What is Christianity really all about? Is it—in its essence—about proper religious rituals, or correct religious beliefs, or acceptable moral behavior? What is at the heart of an authentic Christian faith and life? In *From Resurrection to New Creation* Michael Pahl provides an introduction to Christian theology which attempts to answer these questions, proposing that the heart of Christianity is not a set of rituals or beliefs or behaviors, but an event—the resurrection of the crucified Jesus from the dead—that prompts a story—the gospel or "good news" of salvation through Jesus. Jesus' resurrection, Pahl claims, is the starting place and the compass in the journey of Christian theology, our journey to understand God, God's work in the world, and how we should live out God's purposes for humanity. Thus, beginning with Jesus' resurrection and using this event as a guide, Pahl surveys the terrain of classic Christian belief and practice. The Trinity, the identity of Jesus, the work of the Holy Spirit, the nature of humanity, Christ's atonement for sin, salvation and the gospel, baptism and the Eucharist, the church and the future state—all these landscapes and

more are explored in this concise introductory survey of essential Christian theology.

The Death of the Messiah and the Birth of the New Covenant Nov 07 2021 In this groundbreaking book, Michael Gorman asks why there is no theory or model of the atonement called the "new-covenant" model, since this understanding of the atonement is likely the earliest in the Christian tradition, going back to Jesus himself. Gorman argues that most models of the atonement over-emphasize the penultimate purposes of Jesus' death and the "mechanics" of the atonement, rather than its ultimate purpose: to create a transformed, Spirit-filled people of God. The New Testament's various atonement metaphors are part of a remarkably coherent picture of Jesus' death as that which brings about the new covenant (and thus the new community) promised by the prophets, which is also the covenant of peace. Gorman therefore proposes a new model of the atonement that is really not new at all--the new-covenant model. He argues that this is not merely an ancient model in need of rediscovery, but also a more comprehensive, integrated, participatory, communal, and missional model than any of the major models

in the tradition. Life in this new covenant, Gorman argues, is a life of communal and individual participation in Jesus' faithful, loving, peacemaking death. Written for both academics and church leaders, this book will challenge all who read it to re-think and re-articulate the meaning of Christ's death for us.

Atonement Theories Jan 21 2023 With the subject of the atonement of Christ attracting such a lot of polemical work at this time, it is easy to conclude that the current debate is generating more heat than light. 'Atonement Theories' presents the beginning student, pastor, or researcher with an accessible and fair treatment of every school of thought on this subject. 'Atonement Theories' significantly updates previous histories of the doctrine, providing analysis of some fascinating and highly significant recent developments. It also intriguingly highlights at various points where aspects of this central message of Christianity might find a connection within contemporary culture. It aims to empower the reader to quickly gain a working knowledge of current debates and the history behind them.

Out of Nothing Aug 24 2020 The two key

questions often levelled at fresh expressions are 'What is Church?' and 'How on earth can a fresh expression be evaluated?' In "Out of Nothing", Andrew Dunlop offers an account of his journey in starting a fresh expression, and along the way proposes an alternative theological foundation for evaluation - the Cross-Shaped approach. Dunlop proposes a theological foundation which goes to the heart of God's action in the world. Both accessible and critically engaged, the book will provide an important resource for both pioneers and for those studying pioneer ministry.

Atonement and the New Perspective Sep 17 2022 Atonement has been described as the central doctrine of Christianity and yet, surprisingly, the church has never insisted on a particular understanding of how redemption in Christ was achieved. Instead, a miscellany of metaphors has been employed, each picturing "something" of Christ's work. Recent debate within Reformed Evangelicalism has been characterized by claims for hegemony to be granted to penal substitution versus counter-arguments for a kaleidoscopic, multi-model understanding. Notably absent in these discussions, however, are two considerations. One is any

common nexus to draw atonement thought together. The other is any positive theological contribution deriving from God's preexisting relationship with Israel (the presumed role of which has rather been to provide a negative contrast of law-versus-grace and works-versus-faith, as the dark background against which the light of Christ may shine more brightly). Recent scholarship, however--particularly the "new perspective on Paul"--has comprehensively dismantled the old stereotypes concerning first-century Judaism. This book asks how differently we might think about the atonement once it is brought into conversation with the new scholarship. It concludes by proposing a "new perspective" on atonement in which Christ is central, Israel and Torah are affirmed, and the traditional metaphors continue to find their place.

Saved from Sacrifice Dec 08 2021 The cross has long been not only a scandal but also a profound paradox: filled with saving significance and power, it is at the same time a sobering tragedy. In *Saved from Sacrifice* theologian Mark Heim takes on this paradox, asserting that the cross must be understood against the whole history of

human scapegoating violence. In order to highlight the dimensions of his argument, Heim carefully and critically draws on the groundbreaking work of French theorist and biblical scholar René Girard. Yet Heim goes beyond Girard to develop a comprehensive theology of the atonement and the cross through his fresh readings of well-known biblical passages and his exploration of the place of the victim.

The Activist Impulse Feb 16 2020

Anabaptists have often felt suspicious of American evangelicalism, and in turn evangelicals have found various reasons to dismiss the Anabaptist witness. Yet at various points in the past as well as the present, evangelicals and Anabaptists have found ample reason for conversation and much to appreciate about each other. The Activist Impulse represents the first book-length examination of the complex relationship between evangelicalism and Anabaptism in the past thirty years. It brings established experts and new voices together in an effort to explore the historical and theological intersection of these two rich traditions. Each of the essays provides fresh insight on at least one characteristic that both evangelicals and Anabaptists share--an

impulse to engage society through the pursuit of active Christian witness.

An Untidy Faith Dec 28 2020 A gentle guidebook for Christians caught in the messy middle In the wake of scandal, culture wars, and abuse, many Christians are wondering whether the North American church is redeemable—and if not, whether they should even stay. While many are answering no to those questions, this book is for those who long to disentangle their faith from all the cultural baggage and recapture the joy of following Jesus. Through personal anecdotes, encounters with the global church, deep dives into Scripture, and helpful historical context about Christianity, An Untidy Faith takes readers on two journeys. The first journey lays out the grand vision of Christianity and the legacy passed on to us by the early believers in hopes of renewing readers' belief in the church writ large. The second journey helps believers understand why they feel distant from their church settings and provides a reorientation drawn from Scripture of God's vision for community. A gentle companion, Kate Boyd walks alongside those who have questions but can't ask them for fear of being labeled by or cast out of their communities. An Untidy

Faith is a guidebook for those who want to be equipped with practices to rebuild their faith and shape their communities to look more like Jesus.

Jesus and His Death Jun 14 2022 Recent scholarship on the historical Jesus has rightly focused upon how Jesus understood his own mission. But no scholarly effort to understand the mission of Jesus can rest content without exploring the historical possibility that Jesus envisioned his own death. In this careful and far-reaching study, Scot McKnight contends that Jesus did in fact anticipate his own death, that Jesus understood his death as an atoning sacrifice, and that his death as an atoning sacrifice stood at the heart of Jesus' own mission to protect his own followers from the judgment of God.

What Would Jesus Deconstruct? (The Church and Postmodern Culture) Jan 09 2022 This provocative addition to The Church and Postmodern Culture series offers a lively rereading of Charles Sheldon's In His Steps as a constructive way forward. John D. Caputo introduces the notion of why the church needs deconstruction, positively defines deconstruction's role in renewal, deconstructs idols of the church, and

imagines the future of the church in addressing the practical implications of this for the church's life through liturgy, worship, preaching, and teaching. Students of philosophy, theology, religion, and ministry, as well as others interested in engaging postmodernism and the emerging church phenomenon, will welcome this provocative, non-technical work.

Rescuing the Gospel from the Cowboys Mar 31 2021 The gospel of Jesus has not always been good news for Native Americans. But despite the far-reaching effects of colonialism, some Natives have forged culturally authentic ways to follow Jesus. In his final work, Richard Twiss surveys the complicated history of Christian missions among Indigenous peoples and voices a hopeful vision of contextual Native Christian faith.

The Letter to the Colossians Jul 15 2022 The Letter to the Colossians offers a compelling vision of the Christian life; its claims transcend religion and bring politics, culture, spirituality, power, ethnicity, and more into play. Delving deeply into the message of Colossians, this exegetical and theological commentary by Scot McKnight will be welcomed by preachers, teachers, and students everywhere.

Jesus Have I Loved, But Paul? May 01 2021
Provides a fresh engagement of the debated relationship between Paul's writings and the portrait of Jesus contained in the Gospels.

Violence, Hospitality, and the Cross Jul 03 2021
Offers a new model for understanding the atonement, sensitive to both the Christian tradition and its postmodern critics.

From Heaven He Came and Sought Her Apr 19 2020
There is a palpable sense of confusion—and sometimes even embarrassment—with regard to so-called limited atonement today, pointing to the need for thoughtful engagement with this controversial doctrine. Incorporating contributions from a host of respected theologians, *From Heaven He Came and Sought Her* stands as the first comprehensive resource on definite atonement as it examines the issue from historical, biblical, theological, and pastoral perspectives.
