The Manual provides comprehensive information on a large number of U.S. government agencies. Along with entries on the agencies of the executive, judicial, & legislative branches of the government, users will also find information on quasi-official agencies, international organizations in which the U.S. participates, & other boards, commissions & committees. The Declaration of Independence & the Constitution of the United States are also included. This laminated edition features a sturdy cover, extra strong bindings, & heavy, acid-free paper. Recommended in: ALA's Guide to Reference Books, Walford's Guide to Reference Material. The Encyclopedia concentrates on resources that are useful, in an easy-to-use format to enable the Architect to access this wealth of knowledge. More than a simple listing, the Encyclopedia provides the "intelligence" to find, evaluate, and contact the resources that can save time and money in the day-to-day practice of an Architect. The Encyclopedia will have a system to indicate to readers which listings are the most targeted in terms of the "best" sources. There will be four indexes: Keyword index, Name index, Master Format index, and Acronym index. Industries which use pumps, seals and pipes will almost certainly also use valves in their systems. Someone in each industry needs to be able to design, purchase or maintain the right valve for the job in hand, and that can amount to a lot of valves world-wide. Here is a single
